News

We are waiting for Northwestern to complete their setup work on the print Study Bible and are hoping it will be done before the new school year.

Our other current project is providing gift copies of the metric version of the Microsoft Store app of the EHV Lutheran Study Bible to teachers in our worker training system in world mission fields. This is more problematic than we expected because the Microsoft Store does not allow gift copies to be downloaded in certain regions of the world if they are ordered from the United States, and we are trying to figure out the rules of the game and how to get the copies to recipients. We have to figure out a round-about way of doing it.

One way to continue to support the Wartburg Project is to buy gift copies of the print EHV or the electronic study Bibles to present to family, friends, called workers, schools, prisons, and other institutions.

See our website (wartburgproject.org) for more information relating to the EHV. See FAQ #15 on the name EHV. A paper explaining our name is posted in the “Library” section.

Sign up on the “Contact” page to receive free e-reports. Like us on Facebook to receive the latest updates posted there. The purpose of our Facebook posting is not debate, but we have been able to share information with many people very quickly that way (sometimes more than 10,000). Many people are downloading our captioned pictures.
